CITY ASSESSMENT SHOWS DECREASE

Of About \$75,000 Under Last Year's Figures But Male Citizens Have Increased

Richmond's property valuation decreased about \$75,000 during the past year, according to figures made public Thursday by City Assessor Trim Deatherage, following adjournment of the City Board of Supervisors.

Although the city's tax assessment has shrunk, probably due to the general shrinkage of values all over the country at this time, the population seems to have made a healthy increase in twelve months. The list of polls is increased from 1,200 last year to 1,401 this year; in other words, that many male citizens over the age of 21 must pay poll tax of \$1.50 each. This is considered very gratifying and healthy increase in the space of one year.

The total assessed valuation for the city's tax list this year as just made public is \$4,581,280, while last year's figures was \$4,657,000. The Board of Supervisors composed of Messrs. J. Hale Dean, D. W. Kennedy, and S. A. D. Jones, have just completed their equalizing of assessments and adjourned. The books will now be turned over to the City Tax Collector Jesse D. Dykes, for collection.

BOGGS OBTAINS O. K. ON FEDERAL ROAD FUND

Washington, June 30—Joe S. Boggs, Frankfort, State Road Commissioner for Kentucky, Wednesday obtained approval by the Federal Public Roads Bureau of the Department of Agriculture, of plans for extending the balance of federal aid road funds available to Kentucky for the fiscal year ending Friday.

Mr. Boggs said that the federal funds involved and the expenditure of which had not previously been approved amounted to \$465,000, an equal amount, of course, to be provided by the state.

These funds are to be used in road construction on the Dixie Highway in Laurel and Whitley counties, on the Midland Trail in Boyd county, on the Ohio river in Henderson county, and on a state highway in Bell county. The contracts for this work, Mr. Boggs said, were let several months ago.

WHAT ABOUT THE BOYS WHO HAVE ENLISTED?

Washington, June 30—President Harding today signed the annual army appropriation bill, directing a reduction of the regular army to 150,000 men by October 1st, but at the same time, advising Congress in his opinion further legislation might be required to relieve the government of embarrassment of violating its obligation to enlisted men whose discharge the reduction bill makes necessary.

Another Shooting In Knox

Barbourville, Ky., June 30—Twenty shots fired from ambush wounded Jeff Mills, of Artemus, as he was coming out of a coal mine at Argle, Knox county, late yesterday. Mills was shot in the shoulder. Three men were arrested. The shooting is believed to be the outgrowth of labor trouble.

CHAUTAUQUA TICKETS AT REDUCED RATES

Buy a season ticket. It's cheapest after all. The whole program by single admission costs \$10.00, by buying a season ticket you can see all of it for \$3.03. The three best numbers by single admission will cost you \$3.05. You can see them, with a season ticket for \$3.03, and see or hear the other eleven for nothing.

The good women of the Christian church are running the Chautauqua this year trying to make some money to decorate their church. If you buy a season ticket they get half of it; if you go and pay by single admission they get only 10 per cent of it. Surely you want to help them in their laudable enterprise as well as help yourself by attending Chautauqua.

The sale of season tickets will continue till the opening. The big tent is up and everything ready for a great Chautauqua. Tickets on sale at STATE BANK and TRUST COMPANY. PERRY'S and STOCKTON'S DRUG STORES. ELDER'S and MCKEE'S STORES.

CHAUTAUQUA OPENS HERE ON FRIDAY

Attractive Program For Opening Day With Music and Monteville Flowers' Lecture

The big seven day Redpath Chautauqua opens here Friday afternoon at 3:30 o'clock in the auditorium tent which has been erected on the E. K. S. N. campus.

The Oceanic Concert Company will be the attraction for Friday. Five talented and vivacious artists compose this company which gives a program of great variety, combining special novelty instrumental and vocal features. Every number is given with a brightness and sparkle that will make this company long remembered in the community.

At night, after a short concert by the Oceanic Company, Monteville Flowers, noted publicist, will give his great lecture "America Looking Ahead." Monteville Flowers is one of the greatest lecturers on the Chautauqua and Lyceum platform today. He brings to his discussions a broad background of authoritative information and presents his points in an eloquent manner.

Mr. Flowers' addresses have been likened to cathedrals—they have great plan, impressive structure, and noble purpose. It has been said they are "institutions" rather than lectures.

Mr. W. Harvey Cottrill, who will be Superintendent of the Chautauqua here, arrived Wednesday. He comes accredited by the Redpath Bureau as an able and experienced Chautauqua manager.

HE TELLS WHAT TARIFF DOES TO THE BUILDER

Washington, June 30—The average rate of duty in the administration's tariff bill introduced in the House yesterday will range between 18 and 20 per cent according to unofficial estimates as compared with 18.55 in the Payne-Aldrich bill, Chairman Fordney, of the Ways and Means Committee, said today. He added that the average of the Underwood bill rate was six per cent and the Dingy average 26 1-2 per cent. The bill as it stands, will be taken up by the Republican caucus tonight in an effort to reconcile differences. The bill repeals the Canadian reciprocity agreement which has been operative since 1910.

Representative Newton, of Minnesota, today, said the lumber rates make a difference of \$200 or \$300 on the cost of a small dwelling or a farmer's barn.

Association's Big Year

Chicago, June 30—The American Association is facing another record breaking year, according to President T. J. Hickey. Mr. Hickey declares that the attendance will be the largest in the organization's history and that the race will be one of the closest.

BOTH FIGHTERS WERE KNOCKED OUT ONCE

Records of Carpentier and Dempsey Very Similar In Their Pugilistic Careers

New York, June 30—Veterans of numerous gory ring battles, will face each other in the ring when Jack Dempsey defends his heavyweight title against the challenge of Georges Carpentier in the Jersey City ring, July 2. Through several campaigns both have won and lost contests in nearly every possible manner. Both have won by knockouts, on points and by fouls; both have lost on points and by knockouts, although Dempsey has never lost a decision on a foul as did Carpentier to Flank Klaus, when Manager Descamps climbed into the ring to save the Frenchman from further punishment.

Carpentier, fighting since 1907, is the more grizzled veteran of the two. In winning his way up from the bantamweight ranks to the heavyweight class, Carpentier who started boxing at 14, has engaged in 85 battles. In 71 of these he emerged from the ring the victor. Thirty-four times, he won by knockouts; 33 times on points decisions and four times on fouls by opponents.

The Frenchman has fought only five draws; has lost once on a foul and has been knocked out once. To a French youth named Gloria goes the credit for being the only opponent who has stood over the challenger and listened to the toll of the referee.

Carpentier's record before the war, is one of the most active credited to a leading boxer. Service in the French army curtailed his boxing for four years but since the armistice, with a heavyweight title bout his main consideration. Georges has engaged in fewer glove contests.

Jack Dempsey has fought 64 battles and 55 resulted in victories for him. The champion has knocked out 45 or almost three-fourths of his opponents in six years of boxing, a remarkable record. Nine times, he has won on point decisions and his only victory on a foul was over Carl Morris.

The champion has fought four draw decisions; has lost on points twice and hit the canvas only once to stay there for 10 seconds. "Fireman" Jim Flynn, in 1917, achieved that startling feat but later the Pueblo fireman was knocked out in less than a minute by Dempsey when the latter was on his way to the championship. Dempsey also has fought two no-decision bouts.

DEMPSEY FAVORITE WITH THE SPORTS

(By Associated Press)

New York, June 30—Jack Dempsey ruled favorite among 165 sportsmen as to the probable outcome of his match with Carpentier Saturday. Fifty-eight predicted the French challenger would don the world's heavyweight championship belt, while a scattering few expected the bout to be about even, the general opinion was if the bout goes five rounds, Carpentier would become the champion for the remainder of the contest. A great majority profess to believe Dempsey's hitting power will bring the battle to a sudden close if he lands a blow on Carpentier. Those favoring Carpentier said they believe the challenger's supposed superiority in boxing would stand off the champion through the early rounds. Only a few are willing to predict Carpentier will knock out Dempsey but they demand long odds.

The Tent Meeting

The Bible study at the tent meeting Wednesday was conducted by Miss Gladys Kaiser, subject "The Witness of the Spirit." Interesting young peoples meeting at 7:15 in charge of Mrs. Cox. Miss Kaiser brought a sweet message in the song "The Cross is not Greater than His Grace" with guitar accompaniment. Mr. Dean Poindexter presented the question "What will you do with Jesus?" showing that they who deny, reject, betray, refuse or neglect Jesus and grieve His Spirit are just as guilty and as sure of their doom as they who denied Him in that day.

G. O. P. TARIFF TO RAISE HUGE SUM

\$700,000,000 A Year Estimated Income From New Bill Offered In House Wednesday

Washington, June 30—The administration's permanent tariff bill was introduced Wednesday in the House of Representatives and for the first time was made public.

Unofficial estimates by members of the Ways and Means Committee, however, placed the expected return as high as \$700,000,000 a year. The Payne-Aldrich law in the normal pre-war years produced a little more than \$300,000,000 a year.

Examination of the bill which covers 346 printed pages, shows that in some cases the rates proposed are higher than corresponding rates of the Payne-Aldrich law, while others are correspondingly lower.

An estimate of how the whole bill compares with the Payne-Aldrich bill would only be possible by tariff experts making a detailed study, because the schedules of the new bill are in many cases not framed in parallel with the schedules of the Payne law, nature differently constructed.

In comparison with the Underwood tariff law of the Wilson administration the new bill removes many articles from the free list, although it leaves a large list free of duty, including print paper, wood pulp, harness and leather and agricultural implements. It raises the duty on the great bulk of imports already being taxed. It has made no notable additions to the free list.

Comparison of the wool schedule with Schedule K of the Payne-Aldrich bill, over which a bitter fight was waged in Congress, showed material reduction in a number of instances. In the items of hose and gloves, the duty fixed by the committee was 30 cents a pound and 25 per cent ad valorem in addition, while in the Payne-Aldrich bill the rate was 44 cents a pound and 60 per cent ad valorem. Clothing, as fixed in the bill, carries 20 cents a pound and 25 per cent, against 44 cents a pound and 60 per cent in the Payne measure.

The same degree of shading was made by the committee in knit fabrics at 25 cents a pound and 20 per cent ad valorem, as against the former Republican rate of 33 to 44 cents a pound and 50 to 55 per cent ad valorem.

Republican members of the committee, refusing heretofore to give any information as to the exact provisions of the measure, today declared that the rates on wool were much below the Payne Aldrich schedule. Democratic members of the committee did not have access to the bill until late today and they were at work late in an effort to find out just how it compared.

In the rush to get the bill to the House the committee had no time to submit a report, but it is subject to change, it was said by a Republican caucus. Only a few changes were made at the meeting today, the most important being a turn about upon the question of oil. After voting down last week a proposal to tax crude petroleum, the committee at the eleventh hour put a tax of 35 cents a barrel on crude and 25 cents a barrel of fuel oil.

IKE MILLER SHOT IN MYSTERIOUS AFFRAY

Ike Miller, known here, is in a Lexington hospital with a bullet wound as a result of a mysterious shooting on the Lexington and Nicholasville pike night before last. His Cadillac car, with several bullet holes in it, was found abandoned on the pike two miles from Lexington early Wednesday. Miller says he does not know how he came to be shot. Witnesses say one car with four men, met another with two; that the men got out and talked a few minutes and the shooting began, and all hurried away. Dr. Barrow is treating Miller. Prohibition officers discovered 75 cases of whisky in the garage at Miller's home on the Versailles pike a few months ago and he was fined \$500 in federal court.

Colvin's "Non-Partisan" Scheme

A good deal of opposition is already appearing over the state in the country papers to Supt. George Colvin's amendment to the state constitution to have the State Superintendent of Public Instruction "taken out of politics," or in other words, to have him appointed by a commission named by the governor—sort of like the governor appoints the State Tax Commission, and they slap the raises on your property, without a chance of appeal.

Anyway, Harry Sommers, of the Elizabethtown News, who has been in public life and politics for so long that he's learned to tell a hawk from a hand saw, thinks mighty little of Colvin's scheme. Sommers pertinently asked the other day how many Democrats Colvin has retained in his office of State Superintendent of Public Instruction when he took charge at Frankfort. Mr. Sommers' question might develop just how much Colvin does believe in this "out-of-politics" non-partisan business; whether he believes in it enough to practice it himself. Sommers says about the proposed amendment again:

The basis for this proposed change of the law, according to Superintendent Colvin, is to take the schools out of politics. The real purpose of the amendment, however, is to take away from the taxpayers the right to elect the School Superintendent on the ground that they are not qualified to select the right kind of a man, and to put the naming of this important official in the hands of a Commission, appointed by the Governor who will play just about as much politics in the selection as the people do.

The Governor will have promised the office if he is elected to some political friend who he believes can deliver him a good man votes, either in the primary

or the general election, and then name a Commission which will carry out his promise.

The office of the State Superintendent will become a political pawn to be used by various candidates for Governor in both the old parties and the men selected for it will not be chosen because of fitness, but on account of their ability to deliver votes to the gubernatorial candidates.

We would rather trust the people than any commission appointed by the Governor. The people have no ax to grind and will vote according to their intelligence and information for the best qualified candidate, while the Commission will either name the choice of the Governor or else will select the candidate according to the majority of the Commission.

In 1876 the famous Electoral Commission of fifteen members including five judges of the Supreme Court, determined the President and in casting his vote

HAD NERVOUS BREAKDOWN

Mrs. Ireland Permits us to Publish this Letter for the Benefit of Others Who Are in Her Condition

Warsaw, Missouri.—"For five years I was weakly, nervous and in a run-down condition. Then I had a nervous breakdown and doctors said I would never be well again. After I took seven bottles of Lydia E. Pinkham's Vegetable Compound I was healthier, stronger, and felt better than I ever did in my life before. I can't praise the Compound enough and will recommend it to all women. You may publish this letter if you think it will help others."—Mrs. FLOYD INZLAND, R. R. 1, Warsaw, Missouri.

Nervous women are both ailing and wretched, and with a nervous breakdown all joy goes out of a woman's life. It is said that the ill peculiar to women act on the nerves like a firebrand. Lydia E. Pinkham's Vegetable Compound is so successful in overcoming such conditions, a large number of American women who were once great sufferers from nerve troubles owe their present health and comfort to Lydia E. Pinkham's Vegetable Compound.

Write Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health.

every member of the Commission adhered to his political affiliation. We cannot expect any better results of a Commission on Education appointed by the Governor.

The people are more to be trusted than politicians. They have several times left their party affiliations to change party control in Kentucky affairs, while we have never known a Commission of any kind named by some one who held a political office that was not subservient to the appointing power.

The people will not adopt this amendment because it carries with it a lack of confidence in their integrity and ability to name a Superintendent and they would at least have to have an object lesson of taking schools out of politics before they would consider surrendering their right by voting for the change. Unfortunately, Prof. George Colvin our present State Superintendent, has given them no such object lesson.

The Louisville Times has put a girl reporter on the trail of 913 cases of whiskey that were withdrawn from a warehouse there, and some interesting developments appear to be coming. She had a rather interesting interview with Maurice Galvin, republican boss of Covington—who got Blair out of the pen—and Paul Williams, democrat, who just retired as prohibition director for Kentucky. Galvin seems to be intimate counsel for some wholesale drug firms who deal in liquor. The story bids fair to be a very illuminating one, in serial form, and the first chapter published Wednesday, starts off with zest.

Two Good Men Renominated

Yesterday was the last day for candidates for district offices to file their papers for getting their names on the ballots in the August primary. Judge Charles A. Hardin, of Harrodsburg, and Judge E. V. Puryear, of Danville, are both without democratic or republican opposition. These gentlemen have made most creditable records and fully merit the high honor that has been accorded them.—Danville Advocate.

Love Finds A Way In Louise Glaum Picture

"A woman despises a man for
loving her unless she returns his
love." This epigrammatic utter-
ance of Elizabeth Stoddard ex-
presses, too, the feeling of the
woman who must endure one
man yet loving another. Such
was the case of Natalie Storm.
Natalie, young, beautiful, very
much desired, loved Tom Chan-
der. Tom had "prospects" but
they were of the stuff dreams are
made of. For herself, Natalie
asked nothing. But she was not
considering herself. Tom went to
South America a soldiering for
fortune to lay at Natalie's feet.
He knew Natalie loved him.
Yet, when he returned, he
found Natalie the plaything of
another man, the mistress of his
home, his dreams were shattered.
Natalie had made her choice.
Two paths had been open to her
—poverty and illness—for her
sister and herself—and the other
which led to comfort and ease,
outdoor life for Beatrice with
laughter and sun and joyousness.
Natalie chose the latter road.
All this happens in "Love," the
J. Parker Read, Jr., screen story
which comes to the local theatres

Friday, under the auspices of the
Associated Producers. How it
is worked out is better told in the
picture than in unsympathetic
type.

Moonshine Mash Is Fatal To Dairy Cows

Hot Springs, Ark., June 30—
Weird antics of milk cows on
their way home from pasture and
the subsequent death of several
of them led dairy men here to
start an investigation which to-
day disclosed that they had been
eating mash from which moon-
shine whiskey was made. An an-
alysis of the mash showed con-
centrated lye had been mixed
with the grain, apparently to
hasten fermentation. The added
"kick" proved fatal to some of
the cows. A former location of
the still was found, but it had
recently been moved.

Buy a season ticket. It's the cheapest after all. The whole program by single admission costs \$10.00, by buying a season ticket you can see all of it for \$3.03. The three best numbers by single admission will cost you \$3.05. You can see them, with a season ticket for \$3.03, and see or hear the other eleven numbers for nothing.

The good women of the Christian church are running the Chautauqua this year trying to make some money to decorate their church. If you buy a season ticket they get half of it, if you go and pay by single admission they get only 10 per cent of it. Surely you want to help them in their laudable enterprise, as well as help yourself by attending Chautauqua.

GALBRAITH'S LAST MESSAGE TO LEGION

(By Associated Press)

Louisville, Ky., June 30—There is "no reason why the Legion, by the time the last pinwheel buzzes out at 12:01 in the morning of July 5, cannot have doubled its membership. Are you with me?"

In these words, F. W. Galbraith, National Commander of the American Legion, concluded what proved to be his final message to members of the former service men's organization. It is being sent to the various Kentucky posts.

The last message of the now dead leader was an appeal to the members of the organization to increase its membership. He set aside the period from July 4 until the third national convention in Kansas City on October 31 for an intensive membership campaign.

Colonel Galbraith's final message was:

"We must have more membership. Every member get a member and the job is done. And the day I've set aside for the beginning of the intensive effort is a day most fitting. It is the Fourth of July. From then until October 31st when the third national convention will open in Kansas City the order of the day will be 'every member get a member.' What day? Any day! But if you can turn your trick the very first day of all—the Fourth of July—your bit is done. And there is no reason it cannot be done on that day. No reason why the Legion, by the time the last pinwheel buzzes out at 12:01 on the morning of July fifth cannot have doubled its membership. Are you with me?"

JIM ALLEN SAYS

(In Cynthia Democrat)

Those old-fashioned heavy brogans that during the campaign Mr. Morrow so often declared he was going to use kicking the Democrats out of office seem to be employed principally in kicking criminals out of the penitentiary.

Gov. Morrow is so sorry about pardoning Frank Blair, many times wanted criminal, that he is going to ask the next Legislature to enact a law that will not permit him to do it again. Poor Governor, who held up the Democrat's pardon record in scorn and promised so volubly that nobody should be pardoned who was guilty of crime—how sorry we are him. In fact, all Democrats are so sorry for him that they are

going to elect the next Legislature and remove the temptation and opportunity to pardon anybody, and also remove several other privileges that in a moment of aberration he might abuse and so sorry for afterwards. It is not right to let a truly good man like Ed. Morrow be so sorry.

Prisoners Escape At Lexington

(By Associated Press)

Brown, all under sentences ranging from two years to a few months.

AUTO TRAVEL 50 PER CENT HEAVIER

(By Associated Press)

Louisville, Ky., June 30—Travel by automobile through Kentucky is fifty per cent greater this year than at any time in recent years, according to officials of the Louisville Automobile Association. In addition to greatly increased travel over the Santa Fe trail to the Pacific coast, one of the main arteries to which passes through parts of Kentucky, many tourists bound for New England resorts are visiting the state.

Travel to Asheville, N. C., by automobile is greater than it has ever been the officials say. Tourists generally pass up the Dixie Highway and go by way of Nashville and Knoxville, Tenn.

The desire to visit a "foreign" country is attracting many to Canadian border points this year. Travel to Michigan and Wisconsin will start about July 1, report says.

Except for the excellent roads in the Bluegrass region, Kentucky roads generally are not in such condition as to invite tourist travel, the club officials say. There is so little difference in the condition of the roads that frequently the condition of a road early in the year will hold true throughout the year.

Tourists Visit Frankfort

(By Associated Press)

Frankfort, Ky., June 30—This year thousands of tourists are visiting Kentucky's beautiful capitol building sitting upon a high hill overlooking the Kentucky river here. They come from virtually every state in the union and from foreign countries. A total of 436 visited the building during one week recently. During recent weeks tourists from Michigan, Oregon, California, Ohio, New York, Missouri, Washington and a dozen other states have seen and admired the building. Approximately half of the visitors, however, are native Kentuckians.

BAPTISTS TAKE CATHOLICS AGAIN

Strengthen Their Hold On Second Place In Interesting League Game Wednesday

HOW THEY STAND

CLUB	W	L	Pct
First Christians	9	1	.900
Baptists	6	4	.600
Second Christians	5	5	.500
Presbyterians	4	5	.444
Catholics	2	5	.286
Methodists	2	7	.222

(By E. T. Higgins)

The Baptists gained a strong hold on second place in the Church League Wednesday by defeating the Catholics on the Normal field by a score of 7 to 5.

The winners got away with a four-run lead and maintained it throughout the contest but not without a struggle. The game was featured by several fluke hits, including two extra base blows. Jim Asbill lost McKinney's home run in the grass in left field. At every base McKinney would stop and look to see if Asbill had found the ball. He finally walked home in the seventh inning hit fair and then rolled under a car behind the first base line, while Brock ran around to third.

A double play cut a possible Catholic rally short in the sixth. Blevins, who was safe on Brock's error, got too big a lead off first and was doubled up when McKinney caught Rogers' fly ball and made a splendid throw to Sauley, before Blevins could get back to the bag. Jim Asbill played in hard luck as well as the Catholics. He deserved three hits but only made one. Carter robbed him of a hit in the second by a fine running catch. His second time up, he smote the horsehide to the dim part of left center for a well earned triple. McKinney took notice of this and played deep to him his third time up. This time he knocked the pill farther than before but McKinney pulled it down after a hard run. In the fifth inning both Hembree and Douglas Chenault stood and watched Walser's fly fall
